Southern California Biomedical Council (SoCalBio) is the trade association serving the biotech, medical device, diagnostics and digital health industries throughout the six counties of Greater Los Angeles.

Bioscience Companies in Greater Los Angeles

Greater Los Angeles is the second largest bioscience industry cluster in the U.S.

Number of Companies: 900+
Number of Employees: 81,000+

Voice of the Bioscience Industry in the Greater Los Angeles Region

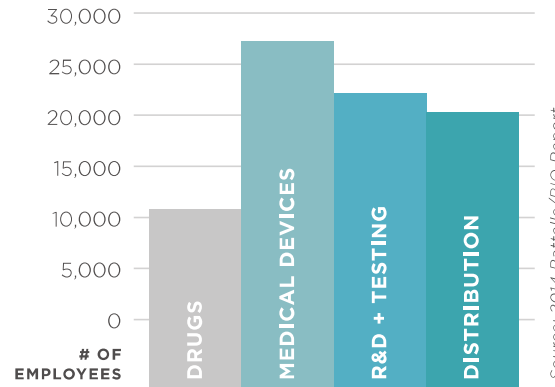

SoCalBio is a nonprofit, member-supported trade association created by and for local entrepreneurs to promote life-science research, development, manufacturing, job creation and overall economic growth in the six counties that comprise the **Greater Los Angeles region**.

For two decades, the Council's programs have helped local firms gain **access to capital, potential partners and business support services**. Its marquee event - the annual SoCalBio Investor & Partnership Conference - has grown to become the region's **premiere showcase for emerging life-science companies and technologies**. SoCalBio also promotes **technology transfer** and **workforce training**, while **informing policy makers and the public at-large** about the benefits of the region's life-science industry.

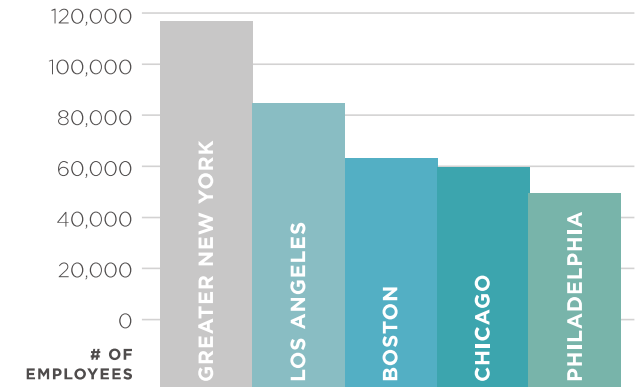

SoCalBio is open to membership by firms and organizations engaged in life-science technology commercialization and service.
