

## 22nd Annual SoCalBio Conference

[https://whova.com/portal/registration/asc\\_202009/](https://whova.com/portal/registration/asc_202009/)

### Track II (Nurturing Innovators): Presenters and Presentation Time

#### October 21, 2020

##### Track II, Session 1

<u>Start (PST)</u>	<u>End (PST)</u>	<u>Emerging Company Presentations</u>
14:45	14:57	Presentation by Iridia (DNA-based data storage solutions)
14:57	15:09	Presentation by Inmedix (Autonomics for managing autoimmune diseases)
15:09	15:21	Presentation by Allevion Therapeutics (Neuromodulation device to treat essential tremors)
15:21	15:33	Presentation by Milo Sensors (Wearable for continued enzymatic alcohol sensing in the blood)
15:33	15:45	Presentation by Brinter (A 3D bio-printing company)

#### October 22, 2020

##### Track II, Session 2

<u>Start (PST)</u>	<u>End (PST)</u>	<u>Emerging Company Presentations</u>
11:15	11:27	Presentation by Arcutis Biotherapeutics (Treatment of immune-modulated dermal disease)
11:27	11:39	Presentation by Aqualung Therapeutics (Treatment of inflammation)
11:39	11:51	Presentation by SilkTech Biopharmaceuticals (A Novel silk-derived anti-inflammatory protein)
11:51	12:03	Presentation by LIPAC Oncology (Proliposomal drug delivery platform to deliver cancer treatments in large unmet markets)
12:03	12:15	Presentation by Aevum Therapeutics (Therapeutics to treat neurodegenerative disorders)

##### Track 2, Session 3

<u>Start (PST)</u>	<u>End (PST)</u>	<u>Emerging Company Presentations</u>
13:00	13:12	Presentation by Forcyte Biotechnologies (Tackles diseases of cell mechanobiology by directly screening contractile cell force)
13:12	13:24	Presentation by cBio (Membrane-free enrichment of nano and microparticles)
13:24	13:36	Presentation by Matrogenix (unlocking nanofibers' potential)
13:36	13:48	Presentation by Pure Spun Innovation (A novel water purification technology)
13:48	14:00	Presentation by Ecovia Renewables (Efficient, Cost-Effective Production Of Biobased Ingredients & Materials)

#### October 23, 2020

##### Track 2, Session 4

<u>Start (PST)</u>	<u>End (PST)</u>	<u>Emerging Company Presentations</u>
11:15	11:27	Presentation by TAE Life Sciences (Novel radiotherapy based on Boron Neutron Capture Therapy)
11:27	11:39	Presentation by KA Imaging ( (Portable multi-energy (FDA-cleared) X-ray detector that enables soft tissue differentiation)
11:39	11:51	Presentation by Hura Imaging (Patented technology to reduce exposure to radiation during CT scans)
11:51	12:03	Presentation by iRegained (A proprietary targeted hand function rehabilitation system that aims to restore lost hand function in stroke or brain trauma survivors)
12:03	12:15	Presentation Carlsmed (Data-driven spine surgery)

##### Track 2, Session 5

<u>Start (PST)</u>	<u>End (PST)</u>	<u>Emerging Company Presentations</u>
13:00	13:12	Presentation by Standard Cytopenia Inc. (Liquid biopsy-based tests using in-house developed "Rare Cell Sorting" technology for clinical diagnostics in cancer and prenatal testing)
13:12	13:24	Presentation by Proactive Diagnostics (Monitoring chronic inflammation)
13:24	13:36	Presentation by Efyian (Point of care Dx of infectious diseases)
13:36	13:48	Presentation by Mindshare (Image-based AI diagnostics)
13:48	14:00	Presentation buy Pictor Labs (Virtual histopathology)

##### Track 2, Session 6

<b><u>Start (PST)</u></b>	<b><u>End (PST)</u></b>	<b><u>Emerging Company Presentations</u></b>
14:00	14:12	Presentation by 3VO Medical (Developing a novel medical device therapy to improve labor and delivery of babies)
14:12	14:24	Presentation by BioDesigns, Inc. (High-fidelity prosthetics with osseostabilization and osseo-synchronization technology)
14:24	14:36	Presentation by iPill (Device to ensure adherence and safety by reducing opioid diversion and abuse)
14:36	14:48	Presentation by Remie (AI-enabled otoscope for tracking ear infection)
14:48	15:00	Presentation by OtoNexus (Novel ultrasound medical device to instantly and accurately evaluate middle ear infections)
